To

THE SECRETARY TO THE GOVT. OF MYSORE,
GENERAL AND REVENUE DEPARTMENTS.

SIR,

Sl. 1 Secy 10/97 In Continuation of this office letter No. 2591/308 dated 22-1-98 soliciting sanction for the entertainment of 24 Constables in the Shimoga District for plague duty, I have the honor to forward herewith Copies of two letters received from the Deputy Commissioner which bring to notice that for ensuring thoroughness in the matter of exercising surveillance over persons getting into

has been done

the State from places affected with the Plague certain paths and roads mentioned in the statement marked I have also to be watched with Constables The Deputy Commissioner proposes the appointment of 14 first class Constables for this duty I have asked the Deputy Commissioner to reconsider his proposals and employ only such additional number of men as may be actually required for this duty and dispense with others although sanctioned by Government and report action taken to me

2 Adverting to the Deputy Commissioners proposal to appoint a 4th grade Inspector for supervising the work of the Constables the responsible nature of the work requires

I think the services of a higher paid officer than an Inspector of the last grade I would put Simon Reuben who is now an Inspector of the 1st class in charge of the work, and give him a special allowance of Rs 20

3. I request that the proposals of the Deputy Commissioner may be sanctioned very early with the modification proposed in para 2 of this letter

4. A statement showing the cost of clothing for the additional force is also forwarded for sanction

5. A proposition statement is enclosed

I have the honor to be

of Plague meatures.

Sir

Since we have started the inspection of passengers from the Bombay Districts I think we may as well make it more thorough going. From the sketch forwarded to you in the Police Department of the Talukes bordering on the Dharwar District you will see that there are other paths and roads leading to the District than those on which we have located Police Stations These are

Ford near Kamatale or there abouts on the Tungabhadra river

10 Pathway shown as running between Kamalapur and Honnali between Gangankanve and Bastwankanve

3. Marwalli Kanave (Shikarpur Taluk)

4 Tirthal (Road Hirekerur to Shikarpur)

5 Road between Hirekerur and Udagani

6 Chikkerur to Siralkoppa near Agrahar Muchadi

7 Byadgi to Aravatti Charati

2 Though these are not so important as those we have already selected, there is reason to believe that people pass and repass there, and as they lead to the Dharwar District I beg to suggest that we may employ men at each of these stations to carry on inspection I have asked for details about the kind of traffic passing in these roads, and when I get replies from the Talukas it is possible

, stable I may be able to eliminate one or two of these places if they are such that carts cannot pass there.

3 Of course the degree of care which we can exercise in the matter depends to some extent on the funds available If you approve of this proposal I shall feel obliged by your sanctioning the proposals for additional establishment submitted in the Police Department

4 The Senior Surgeon suggested that inspection should be made in Shimoga also If our inspection at the borders is well carried out there is hardly any necessity for this measure. I believe this was based on the rumour then current that cases had been discovered in Koppa and Bangalore Since then it has been ascertained that this fear was unfounded. I venture

to

do think therefore that no inspection in Shimoga is necessary

5. At present it is considered unnecessary to have any inspection in the borders between this District and the North Canara District of the Bombay Presidency

6. In addition to the regular inspection stations I have issued orders to the Patels of all bordering villages, to watch all arrivals from the Dharwar District and take similar precautions as are required by the Police at inspection Stations As this work is likely to be somewhat exacting, I think it fair that some payment should be made for it I would suggest that in important villages two Talavars may be paid 2 Rs. each and the Patel 3 Rupees for this work. If you approve of this principle I shall submit regular proposal in due course for the orders of Government.

I have &c
